PUBLIC LIBRARY

Changes to the Library Coming Soon!

The Library will undergo some changes this winter. In January, we will install new carpeting. The Library will remain open during the project, however we may close for one day when the entrance is being done. Some Collections may not be fully available during the carpet project.

We will also be adding new public computer stations and new shelving in some areas. We are excited to get started on updating our space!

These renovations were made possible by a generous gift from the Sylvia Grekoff Estate.

The Library will soon add a brand new section of Bilingual Books to our Children's Collection.

Thanks to several parents in the community, money was raised to purchase several titles to get started on building this new section.

Most of the books will be in English & Spanish. We hope you will check out these new books.
